

DO ENGLISH WITH BRIAN

June — Session V

In the Room

Face to Face · Show Me · The Room Is Yours

첫 오프라인 세션 — 오늘은 화면이 아니라, 같은 공간에서.

“What changes when you're in the same room?”

같은 공간에 있으면, 무엇이 달라질까?

IF THE TALK SLOWS DOWN — DIG DEEPER

- Which drains you more — a full day of video calls, or a full day of in-person meetings? What exactly is tiring about it?
- Do you say different things when you can see someone's eyes?
- If you could only attend IAS online, what would you lose?
- What do you imagine the IAS conference hall will feel like?

“Can you show me what actually happens in an ankle sprain?”

발목 염좌에서 실제로 무슨 일이 일어나는지, 보여주면서 설명해 주세요.

IF THE TALK SLOWS DOWN — DIG DEEPER

- Show it with your own ankle — which way does it roll, and what tears first?
- Draw it on the board: which ligaments, and in what order?
- Why do some people sprain the same ankle again and again?
- How would you explain this to a patient who knows nothing about anatomy?

- Pick anything you know well — a pilates cue, a café, a book, a place in Seoul.
- Choose a shape below, then take two minutes to sketch it out.
- Stand up, look at me — not at the screen — and start.
- I'll be the audience. Expect two or three questions at the end.
