Build It, Then Say It

Three lines make one answer. You fill the blanks — the shape is already there.

HOW IT WORKS

Every Answer Has the Same Shape

① **Say it**

The answer itself.

I'm going to Daegu with my parents.

② **Add one thing**

One more detail. Just one.

We usually make songpyeon.

③ **How you feel**

Your feeling — even a small one.

I'm excited, but it's a long trip.

Step 1 all three lines are started for you, with words to choose from. **Step 2** fewer words. **Step 3** only the first line — you build the rest.
