The Floor Is Yours — Round 2

Your talk. Your pace. I just listen and collect sentences.

Do English with Brian

PART 1 · YOUR TALK

Today's Talk: How Claude Works

> Last time you were eager to cover two topics — **today, the second one.**

THE RULES

No question cards this time — you drive the whole talk.

If the talk drifts, that's fine — I only record the sentences.

Don't stop to fix yourself. We repair sentences after, together.

Aim for ten minutes. Longer is even better.

WRAP

Before We Close

One line we keep

“It doesn't resemble a search engine — that came up today.”

One question back to you

“How much error you tolerate is your call — so, how much?”

One to think about

“What sparked the best sentence today?”
