OLIVIA · CLASS 4

From India's Seat

Your Model UN story, why climate diplomacy — and how the two become one answer.

WARM-UP · 5 MIN

Finals are close.

Two quick ones.

1 How's the studying going? Which subject did you do today?

Yes a little bit. Science and Korean and math. And History

2 History was the one you were worried about — any better?

Going to start today.

If the homework video came in: 10 minutes of feedback here, then Part 1.

PART 1 · DELEGATE OF INDIA · 25 MIN

Tell me about the Model UN.

Short answers are fine. Brian keeps asking.

1 **What was the event, and how did you end up as India?**

It was outside of school thing. I voluntarily joined this acticity. A topic was tariff of US. It was randomly chosen.

2 **What did India want — and what did you argue?**

India want more effective rate for import and export. So firstly, I argued that US should mitigate the tariff. But US didn't approve our suggestion. So we decided to work with other countries rather than US. We tried to expand the trade community with Europe and UAE.

3 **Who did you have to deal with, and how did you find a middle ground?**

Firstly, I had to deal with US but honestly we gave up. Europe countries and UAE also wanted something thing as we want it. So we cooperate to trade each other.

4 **Your English speech on the climate crisis — what did you say, and how did it feel?**

Topic was the speech was the most ultimate problem that all the countries have to work on. And I presented that climate change is the ultimate problem because it can't be solved by one country's effort. And it is global issue. So I suggested that all countries should work collectively to mitigate the climate change/crisis.

5 **What did you learn that you didn't expect to?**

I didn't expect to fail the deal with US. So I learn every country have their own prioritized agenda. So it's hard to convince particular countries to work together.

PART 1 · FOLLOW-UPS

What they'd ask next.

면접관이 이어서 물을 질문 . 답이 짧으면 Brian 이 또 물어요 .

1 **Why did you choose to compromise instead of pushing harder?**

I really pushed harder but they still say no. It wasn't a compromise rather there weren't any other options.
I pushed hard enough by explaining them that extreme increase a tariff can ruin the global trade market. There should be an another way to trade more effectively. When I explained about it could ruin the market, I used WTO agreement that there has to be in discussion by making such action to be taken.

2 **Was there a moment you felt out of your depth?**

That I had to consider other countries' perspective.

3 **If you were the US delegate, what would you have said back?**

I would have try to find more effective way to trade with other countries. Try to find a middle ground.

4 **What would you do differently next time?**

I will try to suggest other options to US to take because last time I only try to convince not to increase the tariff. To provide options to trade off in order for them to consider not increasing the tariff dramatically.

PART 2 · WHY CLIMATE DIPLOMACY · 20 MIN

Where the dream came from.

One sentence on the book is enough. The rest is you.

1. **The book — in one sentence, what did it change in how you see hunger?**

2. **When you read about the US and the Paris Agreement, what caught your eye?**

3. **Why diplomacy — why not science, or activism?**

4. **Ten years from now, where are you and what are you doing?**

BRIDGE · 5 MIN

One answer, one minute.

두 이야기를 하나로 . 모의 UN 이 증거가 돼요 .

“Why do you want to be an environmental diplomat?”

SHAPE

1 **Where it started**
책 → 파리협정

2 **What you've already done**
모의 UN, 인도 대표

3 **What you want to do**
국제기구에서 ~

OLIVIA'S ONE MINUTE

NEXT HOMEWORK

After finals is fine.

“Why do you want to be an environmental diplomat?” — 30 seconds, video.

MAKE SURE YOU SAY

1. Where it started — one sentence
2. The Model UN — one moment
3. What you want to do — one sentence

HOW

No full script — three keywords only. Two takes at most. Send it after your finals.
