June — Since We Last Talked

Catching up — properly.

No big topic today. Just the backlog of life — one rule: both of us answer.

PART 1

What's Been Going On

밀린 이야기 — 일·연구·일상, 넓게 빠르게.

“So — what’s been going on? Give me the headlines first.”

“How’s the clinic side been? Any patients that stayed on your mind?”

“Where are you with the IAS talk — and how do you feel about it?”

“Anything small but good happen lately? Food, people, tiny wins?”

TOOLS It's been a while since ~ · The biggest thing lately has been ~ · I've been meaning to tell you about ~

Highlights & Lowlights

하나씩만 골라서 — 여기서만 깊게.

“Best moment since we last talked — take me there. What made it land?”

“And the low point — what happened, and how did you get through it?”

“Did anything change how you see your work — even slightly?”

TOOLS The high point was ~ · The low point was probably ~ · What got me through it was ~ · Looking back on it now, ~

Coming Up

앞으로 몇 주 — 기대와 걱정.

“What’s on the calendar that you’re actually looking forward to?”

“What’s the one thing you’re a bit nervous about?”

“Between now and IAS — what has to happen, week by week?”

“And what do you want more of, day to day?”

TOOLS What I'm looking forward to is ~ · I'm a little nervous about ~ · Between now and ~, I need to ~

Great to have you back, June!
