THE NUMBERS

Say It With Evidence

Only about three in ten graduates find a job — most of the rest stay home.

And those who do work stay about five years, then wait a decade for the next job.

QUESTIONS

Q1 Say those numbers out loud — in your own sentence.

Q2 Now: why does that number send you to grad school?

TOOLBOX

According to ~, ~

~에 따르면 ~

Roughly ~ in ~ ~

대략 ~ 중 ~이 ~해요

That number is why I ~

그 숫자 때문에 저는 ~해요

DON'T SAY IT TWICE

Same Idea, New Words

I'll flag a word you've repeated. Say it again — without it.

students → the kids I teach · my learners · the ones leaving school soon

transition → the move into adult life · life after graduation · what comes next / what comes next as their reality

support → back them up · walk them through it · give them what they need / helping them

teach → work with · guide · walk through / help them /

important → it matters · it makes the difference · it's at the heart of this / key priority / key point / what to focus

difficult → it's a struggle · they hit a wall · it doesn't come easily / not easy /
