

DO ENGLISH WITH BRIAN

Ho-jun — Class 2

Offshore Wind · DRA Workshop Prep

Warm-up · Project Talk · Expressions · Listening Drill

Catching Up

가볍게 근황부터 — 지난 표현 (these days, in charge of, deal with) 도 자연스럽게 다시 써봅니다 .

1

How have you been?

지난 수업 이후 근황 — 일 , 현장 , 일상

2

What have you been busy with these days?

요즘 어떤 일로 바쁜지 — 자연스럽게 프로젝트 얘기로 연결

3

Have you had any chances to use English lately?

최근 영어 쓸 일이 있었는지 — 어려웠던 순간 공유

4

How do you feel about the workshop coming up in August?

8 월 워크샵을 앞둔 기분 — 기대 반 , 긴장 반 ?

Introduce Your Project

신안우이 해상풍력을 영어로 소개해 봅시다 — 아래 표현으로 " 무슨 프로젝트 → 어디서 → 규모 → 내 역할 → 일정 → 다가올 이벤트 " 흐름을 완성해 보세요 .

1 be involved in

~에 참여하고 있다

"I'm involved in an offshore wind project in Shinan."

2 located off the coast of

~ 앞바다에 위치한

"The wind farm is located off the coast of Shinan."

3 a [규모] project worth ~

총사업비 ~ 규모의 프로젝트

"It's a 390-megawatt project worth about 3.4 trillion won."

4 handle / be in charge of

~을 담당하다

"Our team handles the substructure installation."

5 be scheduled to

~할 예정이다

"Construction is scheduled to move ahead next year."

6 milestone

주요 일정 , 이정표

"The DRA workshop in August is a big milestone for us."

→ 표현을 다 배운 뒤, 호준님이 처음부터 끝까지 이어서 소개해 보기 (1-2 분)

Today's Expressions #11-20

Project & Design (해상풍력 · 설계)

11 design basis 설계 기준

"The design basis covers wind, wave, and soil conditions."

12 comply with (기준을) 준수하다

"The foundation design complies with IEC 61400-3."

13 load conditions 하중 조건

"We reviewed the load conditions for the substructure."

14 address the issue 문제를 다루다 · 해결하다

"We'll address the issue in the next revision."

15 verify 검증하다

"The third party will verify the calculations."

Meeting & Response (회의 대응)

16 Could you elaborate on ~? 자세히 설명해 주시겠어요 ?

"Could you elaborate on the soil data?"

17 from our side 저희 쪽에서는

"From our side, there are no major concerns."

18 take note of 기록해 두다 , 유념하다

"We'll take note of your comments."

19 get back to you on ~에 대해 다시 알려드리다

"Let me get back to you on that by Friday."

20 to clarify 명확히 하자면

"To clarify, the revision covers only the foundation."

DRA Simulation

Brian 이 외국 리뷰어 역할로 아래 질문을 자연스러운 속도로 읽습니다 . 호준님은 듣고 — ① 핵심 파악 ② 오늘 표현으로 답하기 . (슬라이드는 Brian 만 보고 , 호준님은 소리로만 !)

1 "Can you walk us through the design basis for the substructure?"

기대 응답 힌트 : design basis / from our side

2 "How did you address the fatigue load conditions?"

address the issue / load conditions

3 "Which standard does the foundation design comply with?"

comply with

4 "We have a comment on the soil data — could someone from your side respond?"

from our side / take note of

5 "Is this something you can get back to us on by the next session?"

get back to you on

6 "Just to clarify — does this revision cover the monopile as well?"

to clarify
