No rush — let's just talk for a bit first.

1

How have you been? Anything new this week?

Just catching up

2

Did any of last class's expressions come out naturally?

out of the blue, I was like, to top it off...

3

Ready to finish that story we started?

Today we'll tell it properly — then meet new people and places

long story short

Nice work today, Hong!

You didn't study these — you used them while talking.

Now you can describe the people and places in your stories, not just what happened.

Practice with the Listen & Shadow file — see you next class!
